****VIEWED FROM OUTSIDE****

Key:
 P = Panel
 G = Glass
 < or > =openers, points towards hinge
 M=Master (traffic door)

**** VIEWED FROM OUTSIDE****

Please note: If you have any specific opening requirements, please consult us upon order to ensure requirements can be met, otherwise doors will be made as requested and you may be left with minimum opening options you were unaware of, if we are not asked. E.g. No external access or the need to open 2+ panels at once to open and close a 2-panel door.

Timber types

Frames & Cill:

1. SW: Pine (Redwood, any finish)
2. HW: Sapele/Meranti (Smooth finish only)
3. HW: Oak (Stain, Natural finish only)
4. SW: Pine (Redwood) Frame + HW Cills (Sapele/Oak)

Colour and finish inside and outside:

1. Fully Finished Satin White - Natural / Smooth / Grainy
2. Satin RAL, N°: _____ - Natural / Smooth / Grainy
3. Satin Stained, N°: _____ - Natural only

Please insert vertical lines indicating qty of door leaves/panels as required with arrows showing opening direction and circle all options required, if unsure please call us to clarify to avoid any confusion.

Bi-Fold Door Location: _____

Width: _____ mm, Height: _____ mm Qty _____.

OUTSIDE VIEW

Opening Configuration from outside view: _____ Left and _____ Right.

Aluminium CILL DETAIL:

We always recommend aluminium cill instead of timber cill with aluminium track, as it's more durable, resistant to wear and tear damage and keeps its original look for years after installation.

GLASS by ATW? Y / N

- Externally Glazed (as Std), or
- Internal Glazing.

Safety glass? Y / N

Clear? / Obscure?

Other: _____
